BACKEND INTERN
MEHTA SOFTTECH

05/2022 - 07/2022   *AHMEDABAD*

*Mehta Softech is a Software and Web Application Development
companies in Ahmedabad, leading the new digital world by providing
the simplest solution.*

Achievements/Tasks

- I learned about APIs for a project and how to make them from Scratch.
- I learned about working with database and how to write queries on PostgreSQL i.e. join.
- The most important thing I learned from this internship was the teamwork and how to co-ordinate well with others while working on an project.
- I understood about the 'company way' of doing things which was very different from the way I complete personal projects.

SKILLS

HTML CSS JAVASCRIPT REACT

EXPRESSJS NODEJS TYPESCRIPT

MONGODB PYTHON SOLANACLI RUST

PHOTOSHOP PREMIEREPRO DESIGN

TEAMWORK CREATIVE COMMUNICATION

PERSONAL PROJECTS

Portfolio Website (01/2020) ↗
- Created my very own portfolio website from scratch using HTML, CSS, and JavaScript.
- The site is up and running using the netlify app.

Password Wallet (08/2020) ↗
- Created a password wallet that holds your passwords and even generates them for you using Python and SQLite.
- Users can generate passwords of their desired length and can store them for future use.
- Used Tkinter python package for the GUI and SQLite database to store the passwords.

DP Token (05/2021) ↗
- Created a Crypto Token using the Solana Program Library and Rust to explore the world of blockchain. It currently works on the Solana Devnet.

Everything Real Estate (05/2022) ↗
- Created a Website Application Platform to buy/sell real estate using the MERN stack. The site was up on Heroku.
